*"There are things about Him that people cannot see... But since the beginning of the world those things have been made easy to understand by what God has made." Romans 1:20*

It rained today in Barnes. It was a slow gentle soaking rain, one that is a very welcome gift since it has been so dry here. I always find it so amazing that we can water and water, but the moisture that falls gently from the sky is what awakens the weary plants and blesses the garden with new life. Marilyn was telling us all about her garden last week. She has always loved the animals and she was so excited to have two blue birds, one woodpecker, a squirrel named Meryl, and a rather large overweight rabbit, who lays there and looks at her as though she were an intruder. It is a perfect garden for Marilyn, it reflects who she is.

A stepping stone that I remember seeing in another garden reminded me that "Time began in a Garden". Oh, yes... Nature is God's first missionary. Where there is no Bible, there are sparkling stars. Where there are no preachers, there are spring times.... If a person has nothing but nature, then nature is enough to reveal something about God.

"God's law is not something alien, imposed on us from without, but woven into the very fabric of His creation. There is something deep within that echoes God's yes and no, right and wrong.

I haven't taken time lately to enjoy my garden. It looks rather sad and neglected, ...with things sort of out of place and unkept. I think I need to dig down into my little water fountain and clean out the old leaves, sweep away the old dry remnants of last year, and give it some tender love and care. Maybe if I put up one of those little blue houses, a blue bird may take up residence, and who knows what other creatures may join it. .... Blessings!

**The Great White Way  
Car Run  
May 13<sup>th</sup>, 2006**

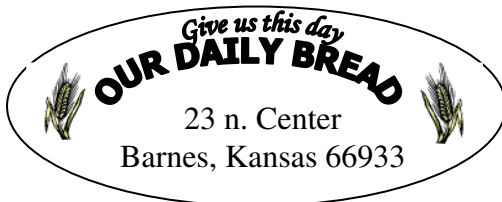

**Starting in Atchison and Concordia with a  
common destination of Frankfort, Kansas**

Grab all the Mother's and bring them  
along! Lori Parker is organizing a car  
run honoring a car run done in May of  
1914 for Kansas White Way. The cars  
will start out from Concordia and  
Atchison and end up in Frankfort. Along  
the way they will pass through towns  
and collect the history.

On May 15, 1914, a meeting was held in  
Frankfort, Kansas to establish the Great  
White Way, and by March of 1922,  
work had begun on the project. A.E.  
Blackney and Everett Lindsay rigged  
their own version of a mobile home – a  
kitchen and sleeping quarters on wheels  
– and contracted to mark every other  
telephone pole from Chicago to  
Colorado Springs, a distance of 1,161  
miles.

The White Way association provided the  
paint and paid the men fifteen cents for  
every pole they painted. Highway 9 was  
the only completely organized highway  
passing through Missouri and Kansas.  
The newly painted telephone poles  
marked the way. Businesses sprang up  
along the White Way, which was the  
Main Street in many towns.
